

WATERPROOF VINYL PLANK FLOORING

# TRANSPARENCY

BEYOND INGREDIENTS

*Taking care of our people and doing the right thing - two values at the core of how our stores think and operate.*

*We know that the best projects are the ones built sustainably, and those projects can't happen without exceptional customer service and know-how from associates in our aisles. Our commitment to responsible business practices for our people, products and operations is built - and will continue to grow - on this foundation.*

## PRODUCT SAFETY TESTING

The Home Depot's product testing program is remarkably stringent. Lifeproof™ Luxury Vinyl Flooring products are tested to the latest standards for Volatile Organic Compounds (VOCs), formaldehyde, phthalates, and heavy metals. In fact, the standards used for the testing of phthalates and heavy metals in Lifeproof™ are the same standards used for the testing of children's toys, setting a very high bar. Lifeproof™ has surpassed that bar. Equally important is the fact that Lifeproof™ is FloorScore® certified, thus ensuring it meets strict standards for indoor air quality.

By selecting Lifeproof™, you have made the choice for safe and sustainable products. And isn't that what we all want when it comes to products in our businesses and homes? Come join us and discover all of the possibilities of luxury vinyl flooring.

### DECLARATIONS & CERTIFICATIONS

- FLOORSCORE®** Compliant
- ASSURE CERTIFIED™** Compliant
- CALIFORNIA PROP 65** Compliant
- CDPH V1.2 - 2017** Compliant
- REACH SVHC** Compliant

### ATTRIBUTES

- PHthalATES** None
- FORMALDEHYDE** None
- FLAME RETARDANTS** None
- MERCURY/LEAD** None

## PRODUCT INGREDIENTS\*

Calcium carbonate; PVC; DOTP; Butyl acrylate-methyl methacrylate; Polyethylene; Calcium stearate; Zinc stearate; Rutile (TiO<sub>2</sub>); CPVC; Polyurethane foams; Iron oxide; Hexanedioic acid, polymer with 1,6-exanediol; Chlorine; MDI; Polypropylene glycol; Soybean oil, epoxidized; Petroleum resins; Poly(methylstyrene-co-indene); Fatty acids, C8-10, triesters with trimethylolpropane; Styrene isoprene copolymer; Polyethylene, oxidized; Styrene butadiene copolymer; Sodium bicarbonate; White mineral oil (petroleum); Carbon black; Distillates (petroleum), hydrotreated heavy naphthenic; Pentaerythrityl rosinatate; 1,6-Hexanediol diacrylate; Pentaerythritol triacrylate; Methyl methacrylate; 7-Aminodesacetoxycephalosporanic acid; Silica gel; Aluminum oxide; 1,3-Divinyltetramethyldisiloxane; Pentaerythritol tetrakis[3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate]; Polybutene; 1-Hydroxycyclohexyl phenyl ketone; 2-Hydroxy-4-methoxybenzophenone; Vinyl chloride-vinyl acetate copolymers; C.I.Pigment Red 221
